Commonfare.net is developed thanks to the project PIE News (www.pieproject.eu) that has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 687922

Friday, 31st May 2019

11:00 AM - 1:00 PM: CommonWorkshop #2: “Commonfare piloting experiences in Croatia, Italy and Netherlands”

Speakers: Andrea Fumagalli, Cristina Morini, Rachele Serino, Sandro Gobetti (BIN Italia) Lovorka Susic (CPS, Zagreb), Federico Bonelli (Dyne.org, Amsterdam) and Mariacristina Sciannamblo (AMARC Europe)

Description: Commonfare research results on precariousness and bottom-up cooperation experiences.

3:00 - 6:00 PM: CommonLab #1: “Design workshop for girls and boys” (8-11 years old)

Speakers: Antonella De Angeli (University of Trento), Rosella Gennari, Alessandra Melonio and Eftychia Roumelioti (University of Bolzano)

Description: Would you like to invent a more sustainable world? Would you like to learn the basic rules of the IoT with a board game? Would you like to venture into new missions and design interactive objects for an outdoor festival? If you answered "yes" to these questions, SNaP is the board game for you. The mayor of SNaP is waiting for you!

Saturday, 1st June 2019

2:30 - 4:30 PM: CommonWorkshop #3: “Digital social-purpose currencies and tokens”

Speakers: Marco Sachy (University of Trento), Emanuele Braga (Macao, Milano) and Aspasia Beneti (Dyne.org, Amsterdam)

Description: Commoncoin research, filed applications and software implementation.

Sunday, 2nd June 2019

11:00 AM - 1:00 PM: CommonWorkshop #4: “Recognizing common goods, between technology, environment and culture”

Speakers: Vincenzo D’Andrea and Linda Tonolli (University of Trento)

Description: Can you see a common good? This interactive workshop invites you to find and reflect on common goods, crossing spaces, cultures and everyday technologies.

2:00 - 4:00 PM: CommonLab #2: “Le Grand Jeu”

Speakers: Federico Bonelli, Elena Japundzic and Aspasia Beneti (Dyne.org, Amsterdam)

Description: The idea and the direction of the process came by to help design a situation where some narratives about the future of our society could be told, crafted and eventually discussed in a positive way. The game involves around 5-10 persons.

Leave the wallet at home and enjoy the Oltrino!

Oltrino (©) is the digital currency managed by Commonfare (ask at the InfoPoint!) that during the festival allows you paying for food, drinks and merchandising by showing a “**talisman**”. This is a wearable item that will be given to participants, and that will be the key to get access to the **virtual wallet** available on commonfare.net. The wallet can be refilled at the infopoint of the festival with the change:

1 € = 1 ©
